Prime movers ..... 1,000 hp											
Electric motors driven by purchased											
Horsepower rating of electric motors driven by energy generated at the establishment, do.											

(D) ☒ Withheld to avoid disclosing figures  
(X) ☐ Not applicable.

(2) Less than half the specified unit of measure.

(2) Less than half the specified unit of measure.

(2) Less than half the specified unit of measure.

Includes data for production in other industries

thousand tons.

\*Coal mined by the Bituminous Coal Mining Service

The combined tonnage for such production in Pennsylvania and Indiana was 48

\*Coal mined by the Bituminous Coal Mining Services Industry is included in the production shown for the Bituminous Coal and Lignite

Coal mined by the Bituminous Coal Mining Services Industry is included in the production shown for the Bituminous Coal and Lignite

Industries.

Service establishments were requested to report man-hours by kind of work performed, rather than by department. The man-hours so reported have been allocated to the mine department where the service was performed. Thus "Underground" man-hours represent such services as drilling, rock work, shaft sinking, and mine tunneling; "Strip-pits, auger mines, and dredges" man-hours represent stripping overburden, strip-pit mining, and auger mining; and "Surface" man-hours represent excavating, shop work, hauling from mine to preparation plant, and other miscellaneous services.
